## ANNOUNCEMENT

At a recent meeting, the Glendale School District Board of Directors voted to return to full face-to-face instruction for all students effective February 22, 2021.

We will continue all original safety routines and procedures as addressed in our Continuity of Education Plan.

We will also continue to offer the Google Classroom model of instruction for students needing that service during our transition to face-to-face instruction. If you have specific needs with and/or questions regarding this matter, please contact the elementary or high school office.

The support and cooperation of all faculty, staff and community will be needed to give us the best chance for a successful return to full face-to-face instruction.

I appreciate all of your efforts during this difficult time. We look forward to seeing all of our students on Monday, February 22, 2021.

Edward G. DiSabato  
Superintendent
